

Twist Clips:

While not explicitly covered by BPIR regulations, RSL has endeavored to make such information public to ensure confidence in products supplied to market.

Product:

Name:	Twist Clips
Line:	Pipe accessories
Product Identifier:	TC-

Description:

Twist clips are manufactured from grade Q235B steel (GB/T 3274-2017) with a plain galvanized finish appropriate for general indoor use.

These clamps are designed to secure pipe.

Clamps are 20 x 1mm, 25 x 1mm or 25 x 1.5mm (width x thickness) (please see spec sheets for specific sizes). They come in a range of sizes to suit pipe from 27 – 89 outer diameter (20-80nb)

Scope of use:

Twist clips are designed to be used internally. Suitable for use in residential and commercial applications.

The protective plain galvanized coating ensures an intended life span of 15+ years when installed correctly.

Suitable for use in low environmental conditions.

Conditions of use:

Must be installed in accordance with NZBC standards and RSL installation guide.
